

The UK's leading off-market platform. Three ways we help you win more business.

1

A STRONGER PITCH AT EVERY VALUATION

- Off-market is a compelling vendor pitch. No date stamp, no price history, no public record.
- 80,000+ verified buyers means serious exposure without going to market.
- Differentiate from every other agent at the door.

Vendors choose agents with a smarter plan.

2

Sell more of your stock

MORE LEVERS, FEWER STALE LISTINGS

- Launch off-market first. Move to portals if needed — fresh listing, no baggage.
- Refresh stale properties off-market to reset buyer perception.
- Seasonal cover — keep properties off portals in quiet periods.

Vendors who feel you have a plan are far less likely to walk.

3

Receive valuation leads

NEW INSTRUCTIONS REFERRED DIRECTLY TO YOU

- We match motivated sellers with the right partner branch on our platform.
- Warm leads from serious vendors — not cold enquiries.
- You pitch, you win, you list. No upfront cost.

A genuine source of new business from day one.
